House of Representatives

Dear Chairmen McCain and Thornberry and Ranking Members Reed and Smith:

On behalf of the Alliance to End Slavery and Trafficking (ATEST) and the undersigned organizations, we thank you for your leadership in the fight to end child labor, forced labor, human trafficking, and modern slavery, and appreciate your efforts to curtail these practices. We are writing to seek your assistance in funding programs related to child labor, forced labor, human trafficking, and modern slavery in the FY 2016 National Defense Authorization Act (NDAA).

The Defense Department has a zero tolerance policy for trafficking in persons. As DOD operates around the world, it has a moral obligation to fight this heinous crime, protect freedom, and create stability. DOD's obligation holds its military, civilian employees, and contractors accountable.

ATEST commends DOD's leadership in fighting human trafficking, but challenges the Department to devote more resources and a dedicated office for this purpose. As such, ATEST is seeking the following in the FY16 NDAA.

Office of the Secretary of Defense / Office of Human Trafficking

We are requesting that the NDAA establish an Office of Human Trafficking located in the Office of the Secretary of Defense with dedicated FTE's. The office would direct and support the implementation of DOD's Strategic Plan for Combating Trafficking in Persons (CTIP). DOD is uniquely positioned to play an important role in combating trafficking in persons given the breadth and scope of its work in both its domestic and international operating environments. The implementation of the CTIP Strategic Plan would include issuing a DOD-wide policy that conforms to laws and executive orders on CTIP such as Title XVII of the National Defense

Authorization Act (NDAA) entitled, "Ending Trafficking in Government Contracting." It would also include instituting training, education, and outreach programs to ensure greater awareness within the Department, as well as implementing standardized CTIP monitoring and enforcement processes and procedures that improve compliance and the reporting of incidents of trafficking.

We believe the creation of a central DOD-wide office located within the OSD is the most efficient and effective organizational structure to ensure consistency in implementing the department's CTIP strategy, which involves training, procurement and acquisition, and other DOD activities. An office located within the OSD would also provide a central point of contact internally as well externally and coordinate all functions within the department for CTIP activities.

As a champion of the victims of child labor, forced labor, and sex trafficking, you understand the complexities of these issues and the resources needed to respond to these problems. We have carefully vetted our requests to reflect the true priorities of the community, focusing on the most important and effective programs. We thank you for your consideration of these requests and your continued leadership in fighting to end child labor, forced labor, human trafficking, and modern slavery. If you have any questions, please contact Melysa Sperber, ATEST Director, at msperber@humanityunited.org or (631) 374-0749.

Sincerely,
